LIQUID Dispensers

Creamer ND2R
Dual Port

The Cold Star Dispenser System helps to increase profits by reducing labor, inventory, countertop space, and product costs. Customers dispense to satisfy their taste. This system is reliable, efficient, sanitary, and convenient to implement. The dispensers are compact and require a minimal amount of countertop space. These units are energy efficient and dependable by design. All models meet or exceed USDA standards for consistent freshness.

FEATURES

- With Bunnlink offer an expanded selection of drinks, including options for both hot and iced coffee. The iced coffee option freshly brews coffee to a higher concentrate, making it perfect to pour over a cup of ice without watering down your beverage.

Hot Boiled Peanuts

ORIGINAL GREEN BOILED PEANUTS

Our Green Boiled Peanuts are just that - green boiled peanuts! Our peanuts are harvested from the ground, boiled in the can using our traditional southern-style seasoning and sealed fresh, all in the same day! This process allows the peanuts to soak in the brine and flavoring and locks in the freshness and flavor until you are ready to enjoy them.

CAJUN STYLE GREEN BOILED PEANUTS

Warning: Our Cajun boiled peanuts are hot - very hot. Just like our Green Boiled Peanuts, these peanuts are harvested straight from the ground and boiled in the can, but this time we use our Cajun seasoning recipe that will likely melt your face! Of course, they are harvested and sealed fresh, all in the same day! The longer they soak in that Cajun heat in the brine, the more likely you will have tears in your eyes while eating them (but you won't be able to stop). You have been warned!

BOILED PEANUTS PROFIT POTENTIAL
